MINDEN, ONTARIO

THURSDAY, OCTOBER 31, 1974

UNIDENTIFIED OBJECT PURSUES MILKMAN

A Thanksgiving morning unidentified flying object that pursued Minden milkman Ron Smith along the Ingoldsby Road as he drove to work, left him shocked, shaken and parked in a ditch at the side of the road.

The 36-year-old dairy delivery man said he had just left his Lochlin home and was driving to work at Minden about 4 a.m. Thanksgiving Day when the object suddenly rose from behind the barn of the Doug Carpenter farm to hover an estimated 500 feet in the air. Mr. Smith, who stopped, turned off his car's motor and got out leaving the headlights on, said the object 'was as wide as a house'. He described it as 'shaped like a sea shell', and said its perimeter was marked with glowing red and green lights 'like a truck's marker lights'.

Above it, as though attached to a mast, was a flashing, white light, 'the brightest light I've ever seen'. Mr. Smith said he could hear what sounded like a car engine 'idling'.

Seconds later the object darted away towards Lochlin at 'incredible speed'.

Continuing on towards Minden, Mr. Smith said he had driven less than a quarter-mile when he noticed that the object had returned and overtaken him and was keeping pace with his car from slightly above and to the right.

'It seemed to be possibly 1,500 feet in the air and I had to crouch in order to keep it in view through the top part of the windshield', he recalled.

Mr. Smith said that although he was travelling at only 20 miles an hour, he was so intent on watching the object that he drove into a shallow ditch.

The object at first hovered above the car, Mr. Smith recalled.

'I left the lights on and the motor running', said Mr. Smith, 'but when I stepped out of the car the object shot straight up in the air at a simply unbelievable speed, then disappeared without a sound'.

Employed by Kawartha Dairy for the past two years, Mr. Smith is married with four young children and a lifelong resident of Haliburton County.

According to Mr. Smith until now he has always believed that reports of UFO's were figments of imagination. Perplexed and frightened by his experience he says only 'I don't know what this was, but I know I saw something and it sure shook me up'. A check revealed that no

HOMELESS

A Haliburton family of six were left homeless early Sunday morning after fire destroyed this frame house on Mountain St. Called to

the scene about 5.30 a.m. by roomer Bob Fowler who was alone in the house at the time, members of Haliburton's Fire Department found

the home of Mr. and Mrs. Glen Hie totally engulfed in flames. Mr. and Mrs. Hie and their four children were visiting relatives in Minden

at the time of the fire. Damage is estimated at approximately \$14,000 including the loss of a garage, car and boat. Some 12 members of

the Haliburton Fire Department fought the blaze for almost four hours.

'Creature' in Hall's Lake

For the second time in five years a 20-foot-long creature has appeared from the depths of Hall's Lake.

In each instance, it surfaced less than 200 yards from deliveryman Jim Welch.

Speculating that the beast could be a sturgeon, Mr. Welch told Progress writer Peter Sweet that it made its second appearance early last Summer near the lake's south shore.

'The thing made a terrific splash and threw spray at least 15 feet into the air', recalled the 50-year-old Boshking Lake resident

helicopters or other aircraft were in the Lochlin area when the object was encountered by Mr. Smith.

Discussion of the incident with Lochlin resident Geoffrey Wynne, clerk of Snowdon Township, and Mrs. Wynne indicated that the Wynnes as well as other residents have repeatedly seen strange lights above Lochlin moving in bizarre fashion at night during the past few weeks.

whose helper, Jerry Packard was with him at the time and also saw it breach.

Five years ago Mr. Welch saw what he believes to be the same creature leap into the air near the lake's east shore. He was accompanied by his wife at the time.

'It looked like a cannister' said Mr. Welch, who des-

cribed the creature as about 20 feet long and black. He could spot no identifying features, such as fins, head, tail or gills and said it appeared smooth rather than scaly. It was about four feet in width.

Depths up to 264 feet have been recorded in Hall's Lake.

Four hurt in 12 crashes

Four persons were injured, one seriously, in 12 Haliburton County accidents last week that saw some \$15,000 damage and four drivers charged.

In serious condition in Peterborough's Civic Hospital with fractures and other serious injuries is Fred J. Berning, 19, of Wilberforce whose north-bound car went from one shoulder of Highway 648 to the other shortly before midnight October 26 before travelling across the road sideways and into the east ditch backwards where

it ended up on its side. Mr. Berning has been charged with careless driving in the \$1,800 accident. Investigation by Provincial Constable Mike Legge.

Also charged with careless driving is Larry S. Christidis, 27, of Toronto who lost control of his car on Highway 121 near Haliburton on October 24 while rounding a curve, the car ending up on its roof. Damage of some \$6,000 resulted from the crash with Mr. Christidis requiring hospital treatment for cuts and bru-

High School Awards Night

The Haliburton Highlands Secondary School will be the scene of its annual Honours and Awards Night on Saturday, November 2.

This programme is sponsored by The Haliburton Highlands Secondary School Scholarship Fund, which provides scholarships for ex-

cellence and prizes and bursaries for deserving students.

Over \$4,000 in Awards will be presented this year.

The teaching staff of the school will host a banquet preceding the awards for all students who obtained an average of 75% or over last June. Each of these students will also be recognized with a pin featuring the school crest as a memento.

All friends of the Award Winners and anyone interested in the young people of the county are invited to attend the program beginning at 8 p.m.

stable Jim Martin.

A charge of careless driving resulted after Brian C. Le Craw, 19, of Norland took his hands off the wheel to light a cigaret and ended up in the ditch on Highway 121, just north of Minden, October 26. Investigation of the \$900 accident by Provincial Constable R.W. Pearson.

ises. Investigation by Provincial Constable Brian Ladurantaye.

Police charged Eric J. Bell, 38, of Winnipeg with a turn not in safety after his south bound car struck a north-bound vehicle on Highway 35 October 26 as Bell attempted to turn east toward Kilmount on Highway 121. Bell, his passenger, Keith S. Millan of Winnipeg and the driver of the other car, Norman M. Reagan, 26, of Toronto, sustained cuts and bruises in the \$1,800 accident. Investigation by Provincial Con-

HERE and THERE with Fenwick Finch

I've bin gittin' quite a few remarks onto this article writ by Irl Martin -- mostly everyone agrees with the philosophy, but they don't seem to be much we kin do about it.

In this day and age of indifferent service, and the rip-off the public has to take I'm more than pleased to tell you that she ain't all one-sided. I've known Floyd Hall for more years than either of us cares to remember and I've always held him in the highest regard -- his son, Don is carryin' on his father's tradition of honest and forthright businessmanship. In years past I've run up against agents I've insured with that were my worst enemy -- you had to get by them before your claim was even considered. It's fine to be a Company man but these fellows carried it too far -- they owe somethin' to the people they insure.

Recently, during a couple of electrical storms the 'man up above' hit me twice -- refrigerator and TV. (right in the middle of the Walton's). Both my claims were handled quickly and without any fuss by Don Hall -- this to me, is the old-fashioned Max Brandon type of settlement that used to exist but seems to be bein' shoved into the background. Floyd's firm has always been noted for fair play and protection of their clients and he sure hasn't changed. So, a boquet to the Floyd Hall insurance agency. Now, here's the other side of the coin. I've known Harold Sider, jeweler, in Fenelon Falls for some time -- I recently bought a stereo record from him, when I used it on my machine it skipped and jumped, and wouldn't go past the middle -- I took it back to see if it could be exchanged -- it couldn't be exchanged until Harold had played it on his own stereo and made sure it was as I said it was. That's O.K. but, when I came in a week later he still hadn't taken the time to test it -- he offered to test it the first chance he got if I could leave it a little longer with him -- sufficient to say I didn't; leave it -- I'm not telling Harold how to run his business; he's probably very successful but he's sure short on public relations -- I'm sure the record doesn't work now for I split it in four pieces and put it in the garbage pail in front of the IGA.

How about somethin' a little more cheerful? I got a joke er two here if I kin git to the bottom of this here pile of stuff the Maidens left me to mull through.

Ah, here we are --- 'Up at the Toronto Zoo a little old lady was watchin' two monkeys kissin' and huggin' each other and bein' generally amorous. She became quite concerned and found a keeper and explained the situation -- you know, that's terrible, do you suppose they'd stop if I threw them some peanuts?' 'I don't know,' said the keeper, 'would you?'

Facin' me as I write this is a large poster of W.C. Fields, (my all-time favourite). It was given to me by my very good friend, Sandra Jarvis of Vancouver. The austere-lookin' gentleman bears the caption.

'I note the derogatory rumours concerning my use of alcoholic stimulants and lavish living.'

'It is the penalty of greatness.'

This poster is sorta special because them 's m y sediments entirely.

Here's a note to those who write 'letters to the editor' -- these letters are O.K. but the people who write them should point the finger at who caused them the problem, by failin' to do so some innocent person has to come out and defend themselves -- thus leavin' themselves open for bein' the cause. So, if you must write the Editor, give him all the facts -- I'm suprised the Editor slid this one through.

We had quite a discussion out to the hotel at Howland Jct. the other night -- it concerned 'Rape', I'll tell you about it next week, it'll sure open yer eyes, it might also make you afraid to even unzip yer pants to answer a call of nature. You could be in trouble adependin' on where and how yer doin' it.

The accident rate is still goin' up alarmin'ly and they don't seem to be nothin' ye can do about it -- over double the lives lost and thousands of dollars damage -- raisin' the speed limit to 60 ain't bin no help either. Nearly everyone drives ten miles per hour more no matter what the limit is and most of the people just aren't equipped to handle cars at this speed -- talk to them and they THINK they are but the cemeteries are bein' filled with fellers that ain't bin right.

It's too dern bad that the general public doesn't get behind the very fellers that's tryin' to help them. Them O.P.P. fellers is aworkin' in yer interest but, the general public would rather turn on them than cooperate with 'em. You may not always agree with them but they ain't stoppin' you lessn yer askin' fer it.

Better listen to them, you'll live longer. I've maintained the general public should ride out with these fellers, when they answer an accident call -- I'll bet ye anythin', two or three trips would make you think a little different.

Everybody passes an accident, 'It can't happen to me ---' but, it does. My grandfather had a sayin' when he seen somethin' unfortunate -- 'there, but for the Grace of God go I.'

Think about it -- I know you won't but, you'll keep pushin' yer luck when the 'man upstairs' will call in yer license, then she's too late. Drive carefully -- prices may behigh, but at least ye'll be around to bitch about it -- not six feet under.

Can IDB help you?

BEYOND REASON

by

PETER G. SWEET

THE QUESTION OF SATELLITES

A program of earth launched unmanned satellites by the United States and Russia began in the late fifties for the purpose of exploring outer space. Although basically successful, many strange occurrences have happened to the satellites of both countries. For example, the Explorer 10 satellite literally vanished after a few weeks in orbit. By the use of tracking facilities, it was known the satellite did not crash to earth and would have had a life in orbit of many hundreds of years.

It is a fact that satellites do not have facilities for self repair, they cannot malfunction and then suddenly return to operation again. Yet, the satellite Anna, launched on October 1962, operated successfully for two months, then suddenly went dead. To the amazement of scientists, ten months later, in August, 1963, the satellite suddenly came to life again. The purpose of this satellite was to flash high-intensity lights in order to develop techniques for sky photography from earth. Scientists cannot explain why the lights remained inoperative for this length of time.

Telstar 2, a communications satellite, was launched May 7, 1963, as a successor to the famous Telstar 1. On July 16, 1963, it stopped sending signals to earth. The explanation given by scientists was that a meteorite penetrated one of the printed circuit boards. This explanation satisfied everyone until August 12, 1963 when Telstar 2 suddenly resumed normal operation. Engineers say this is an impossible feat, that there is no way a satellite can repair itself.

About five days from its contact with Mars, Mariner 7 had the strangest occurrence of any satellite launched so far. There was a loss of radio contact with earth and the satellite started to tumble; all data channels became inoperative and the battery went dead, but strangely its velocity increased. These conditions lasted for several hours. Then the satellite ceased to tumble and returned to normal velocity. The reason for this satellite's strange behaviour as given by Jet Propulsion Laboratories, design and control centre for the Mariner series, was that the battery power supply was probably penetrated by a meteorite. It was known that battery power was only used in the launching of this satellite, its main power coming from solar panels. The odds of a second meteorite hitting the satellite after its many hours of tumbling, at just the right angle to stabilize it are astronomical.

In the next Mariner mission sent to photograph the surface of Mars, there was an unexplainable twelve minute delay before the pictures were first received by the monitoring station at Canberra, Australia. The following article appeared in the TORONTO STAR a few days later:

Hmmm?

CANBERRA - (AP) - A mysterious glowing object -- hovering near Canberra airport while the Mariner space probe was taking pictures of Mars -- has baffled experts in Canberra. Air traffic control officers and other expert aircraft observers said they spotted the object yesterday.

Six members of the traffic control tower crew said it hung suspended at about 5,000 feet for 40 minutes. When the sun glinted off it, it became clearly visible, they said. It disappeared when an Air Force plane was sent out to identify it.

Experts now are wondering if it was coincidence that the object was sighted shortly before nearby Tidbinbilla tracking station was scheduled to pick up Mariner signals. The station had unusual difficulty in locking on to Mariner at the time.

The sighting also came as Goldstone tracking station received irregularities in messages while Mariner was photographing Mars.

On April 6, 1967, NASA quietly confirmed the startling disappearance of the second Soviet 'Molniya' satellite. A West Berlin observation station reported at the same time that, 'It seemed to have been plucked out of its orbit'.

Because of the embarrassment of NASA over the strange occurrences surrounding some of these satellite failures, they finally withdrew from public circulation in the mid-60's, their monthly National Aeronautics and Space Administration's Situation Report although still available to the press, hoping that public attention would be kept from this subject. These reports, prepared for NASA by NORAD which is in charge of tracking everything that travels in space above the earth, became less readily available as it became known that not all the satellites circling the earth were of earth origin. This is evidenced by satellites described in Catalogue Nos. 2428, 2429 and 2430 and for which no earth origin could be established. These are known satellites, not space hardware, and are very unlikely to be meteorites. Meteorites, travelling at the great velocity they do, finally burn up in the earth's atmosphere and are not likely to be captured in an orbit circling the earth.

According to the magazine Saga, 'While both the U.S. and the Soviet Union were racing to launch relatively small satellites into orbit in the late 1950's, astronomers and military tracking stations were following the course of something HUGE. On Jan. 4, 1960, scientists discovered 2 large objects in a polar orbit. At that time neither the U.S. or Russia had succeeded in achieving a polar orbit. The objects were estimated to weigh at least 15 tons. The largest U.S. satellite then was 450 pounds, and the largest Soviet satellite was 2,925 pounds.

Late in February 1960, the U.S. Department of Defense formally announced that an unidentified satellite was circling the globe. It was tracked and studied by several different observatories and the National Space Surveillance Control Centre at New Bedford, Mass. Prof. Alla Masevich, the Soviet scientist heading the Russian Sputnik tracking program, flatly denied that the mystery satellites belonged to the Soviet Union. The press labeled the intruder 'The Black Knight,' and it became a topic of much discussion.

It vanished as mysteriously as it had arrived. But it has quietly reappeared from time to time though the news has been buried in the fine print of NASA's weekly catalog of debris and objects orbiting the Earth'.

Water Levels

County Council's formation of a special water levels committee is a sound, much-needed move.

Ottawa's latest system of using a computer to regulate the levels of those Haliburton County lakes feeding the Trent waterway system was to have brought some semblance of order to a previously chaotic and capricious problem.

Instead, the problem has worsened, with late season water levels rising and falling as much as two and three feet in as many weeks.

Most dramatic recent example of these water level extremes was the situation at Glamorgan's Contau Lake where maximum water depth was reduced to a piddling three feet in September.

When cottagers cannot be absent for even one week without the nagging fear that they will in all probability return to find boats and motors either sunk or stranded on high ground because of wildly fluctuating water levels, it is time for firm remedial action.

The County's special committee will be ideally positioned to bridge the current gap between the cottagers and the Canadian government and thereby obtain results of benefit to all parties.

Memory-making

Hallowe'en!

Yes, it's that night again and for most of us it conjures up all sorts of marvellous childhood memories.

Then, every little boy worth his salt had a peashooter and a bag of white beans for at least a week before Hallowe'en and he made life interesting, at best, for his teachers, parents and little girls.

And during those days just before the big night conversation focused on plans bizarre and boasts of daring deeds to come. Anticipation, certainly, had full sway and was as thoroughly and enjoyably gnawed and chewed over as a bone by a contented hound.

Yet, the night itself was seldom anticlimactic even though actual deeds invariably fell far short of plans. True, each year or so an outhouse might get moved back a few feet if its owner seemed deserving, but little if any real damage or harm was done and pranks were usually just that: a porch chair astride a roof's peak or luxuriating in some big old tree maybe 15 feet off the ground...a chunk of Limburger cheese placed on the warm block of a car while its driver picked up his date for the Hallowe'en dance...a cord tied from the front door knob to the porch railing (knock and run).

If you were not yet in your teens, or perhaps only just recently a teenager, you were home and off the streets by nine o'clock or so, gloating over the collected booty spread out on top of your bed. And then the next day came more tall tale, tales with the flair of an imaginative fisherman.

For the most part it was good, clean fun; a happy time; a real memory-maker.

Yes, it's that night once again and if all those youngsters venturing forth after dark tonight just bear in mind that you don't need to be malicious and hurtful in order to have fun on Hallowe'en, then maybe they too will make happy memories tonight.

Dollars & Good Sense

by William J. Martin
Special Consultant to
JAVCO FINANCIAL SERVICES

Used furniture can be a good buy—if you're willing to roll up your sleeves and go to work.

In recent columns I've discussed a principle of personal economics — self-reliance — and how it can help us outsmart inflation. One way to save big money on furnishings is to devote time and energy to the repair of used furniture.

Sometimes a good cleaning and buffing can make an old piece of furniture come alive. Other times, a few simple repairs, a slip-cover or some refinishing might be necessary.

Either way, the bargains are everywhere. And often, the quality of used furniture is equal to that of new furniture.

But examine closely before you buy. Check the piece of furniture thoroughly. It should be firm and solid. If repairs are necessary, be certain you can make them.

The government has printed a helpful booklet entitled "Used Furniture Can Be A Good Buy." It's available through your county extension office of the Department of Agriculture or by writing the U. S. Government Printing Office in Washington, D. C.

If you're cautious and willing to spend some time and energy, used furniture can save you hundreds of dollars.

A Growing Menace

Report from Parliament

by William Scott M.P.

Soon after the new session of Parliament got under way I was appointed to represent the Canadian Parliament as a Parliamentary observer at the 29th session of the United Nations General Assembly in New York.

Along with several of my colleagues in the House I spent the week of October 7th to 11th at the U.N., attending briefings, sittings of the General Assembly, and meeting with officials of the U.N.

One of the most interesting briefings that I had during the week was one on the situation in Cyprus and the Middle East, given by one of the very capable officers in the Canadian Military Mission at the United Nations.

Several months ago I was invited to go to Cyprus, and other points in the Middle East where Canadian soldiers are on peace-keeping duty, with the Parliamentary Secretary to the Minister of National Defence. I got to see the situation at first hand, including being able to talk with officers and men on the spot. These observations have made it possible for me to discuss our peace-keeping role in committee hearings with the advantage of first-hand knowledge.

While I was at the U.N. I was impressed by the sheer size of the operation, which comprises four large buildings on 18 acres of land. This land was donated to the U.N. by the United States government at a time when there just wasn't any place where the U.N. could set up such a massive complex. The land is now classified as international territory. Within this complex there is every service required by the members and delegates to the U.N., including banking facilities, restaurants, a medical centre, a post office, bookstores and libraries, and a co-operative retail store. There is a typing pool where typewriters are available with keyboards in English, Russian, French and Spanish.

The U.N. is an expensive operation, and I was interested to learn of the problems experienced by the organization in collecting the hundreds of millions of dollars each year that is required to run the operation. Each member nation is assessed a certain amount each year, probably based on its ability to pay. This year it has a budget of \$206 millions to run the U.N., and another \$50 millions to finance the peace-keeping operations.

There are 135 member nations in the General Assembly, and I think that it is to the credit of the United States that that country pays one-third of the total cost of running the U.N., and one-third of the cost of maintaining peace-keeping operations.

The U.N. is a costly affair, and it raises the question of whether it is worth all the effort, and all the expense.

Critics of the U.N. argue, and rightly, that there is too much wrangling and too little real action in the U.N.'s deliberations, and that there is always a war going on somewhere in the world.

These are valid arguments, but I maintain that it has been worth all the trouble and all the expense to keep the U.N. going. I am convinced that, without the U.N., we would have had another World War in the last 29 years. I also believe that such things as the United Nations Children's Fund, the World Food Programme, and a couple of dozen other important functions would never have been undertaken without the U.N. It would have been too expensive and too much trouble for any single country to undertake, and it is this aspect of the U.N. where we find the real dedication and cooperation among member nations. We needed the U.N. in the past, we need it now, and we'll certainly need it in the future.

JASPER THE BEAR

'I'm not accepting anything but money this fall. I'm saving up to buy a Canada Savings Bond'

HALL'S LAKE NEWS

by Doreen Stinson

Church services at St. Stephen's Church will remain at 3 p.m. each Sunday afternoon. The Rev. Douglas Brown assisted by Mr. Lloyd Johnson conducted Sunday's service.

The Voters' List for Stanhope Township has been posted on the outside front door at Club 35 so that people in this area might check to see if their names are listed on it properly.

The Boutique Sale in the auditorium of Hyland Crest Home last Wednesday was not too well supported, but realized over \$100.00 toward shopping for Christmas for the residents, which is a big help. Thanks to all those who brought in garments and who turned out to shop at the Sale, and to those who assisted in manning the various tables and racks of garments.

Several people from Hall's Lake enjoyed the 30th Anniversary Party on Saturday evening at the Community Centre in Minden for our Reeve, Mr. & Mrs. Sinc. Nesbitt. Their daughter Wendy and son Leroy planned it for a surprise and it was certainly well attended, and the music was good for dancing. We understand the U.C.W. of Minden made the sandwiches and they were delicious. Congratulations to Loretta and Sinclair on the occasion of their 30th Anniversary!

Mr. Clarence Brooks of the Hawk Lake Road reports having seen a wolf right in front of his home one morning last week.

Mr. and Mrs. Ferris have moved into their winterized home here at the lake, having retired from positions in Toronto. Mr. and Mrs. Lindsay have also retired to a home here.

Mr. Vernus Packard and Mrs. Marion Stoughton were married in a quiet ceremony at Mr. Packard's home on the Hawk Lake Road on September 14th by Lieutenant Savage of the Salvation Army in Haliburton. Mrs. Penny Gough and Mr. Richard Pickett were the two attendants. Mrs. Stoughton has two fairly young children going to school, and Mr. Packard has three sons and a daughter.

Next weekend the hunters will be arriving for their yearly adventure. Thurston's camp will still be in operation and Mr. Thurston from Bobcaygeon was here over the weekend preparing his camp and visiting his friend Edwin Hewitt.

It is interesting to note that an unsigned letter received by certain parties in connection with topics which should be of interest to everyone is being circulated containing names of would-be candidates in our forthcoming Election. We think a review should be made of the work done by the Council now in power and a study made of the figures quoted in that letter before they are taken too seriously. It is an easy matter to sit in on meetings and talk of what SHOULD BE DONE but it is another thing to follow through.

Food Sense in Canada—NO NONSENSE

No Mid-Morning Drag!

Breakfast habits of many Canadians are changing back to better breakfasts! Too often this first meal no longer qualifies as one of the good old fashioned "Three square a day". Those who skip breakfast or eat a skimpy one are apt to drag by 11 a.m. according to Bakery Foods Foundation of Canada Nutrition Consultant, Joan Fielden.

These are the people who may say "I'm not hungry early in the morning". Perhaps they are not, but are they alert all morning long or does it take a good lunch to get them into action?

Those who lack an early morning appetite might start the breakfast habit by eating small portions of a balanced breakfast and gradually stepping up the quantities.

The cost of mid-morning hunger has been checked out by knowing nutritionists. During late morning hours, college students who eat a good breakfast turn out more work, are quicker in their reactions—both mental and physical—and tire less easily than those who eat no breakfast or have only "black" coffee.

Joan Fielden says that those who skip the first meal, or eat a slim one, often fail to get enough of the day's necessary nutrients at luncheon or dinner.

What is a good breakfast? Authorities say that breakfast should supply about one-third of the daily food needs. Plenty of fatigue-chasing protein should be included if that mid-morning, letdown feeling is to disappear.

A good breakfast follows a basic pattern—citrus or fresh fruit or juice; a main dish of eggs or meat; wholewheat or enriched white bread or toast; and milk. Each of these foods, except fruit, is a top source of protein. In combination they provide necessary nutrients and a steady supply of energy. Whole wheat and enriched bread or toast supply not only protein, but the essential B vitamins, thiamine, riboflavin and niacin, and plenty of iron.

WEDDING

Duncan - Mansfield

Deborah Ann Duncan and Richard Michael Mansfield of Kinmount were married on Saturday, August 24, 1974. The Reverend Andrew S. Hutchison officiated the ceremony at St. Paul's Anglican Church. The reception was at Hart Lodge where they were joined by their many friends and relatives. The happy couple will be residing in Cobourg, Ontario.

Teachers launch education probe

TORONTO - After a decade of listening to others debate the direction and standards of Ontario's secondary schools, the province's 34,000 secondary school teachers are launching an in-depth study to define the role of the secondary school in the 1970's.

And, to demonstrate that they are serious, their provincial federation is prepared to spend at least \$75,000 over the next year to make sure that the results are valid. Jim Forster, president of the Ontario Secondary School Teachers' Federation said last week that a series of five community forums will begin early next month to probe local opinions. He said teachers had seized the initiative because both they and the general public were confused and demoralized by frequent changes in the philosophy and direction of secondary education in Ontario since the early 1960's.

The OSSTF president said teachers were accused frequently of escalating education costs through salary campaigns. In fact, he said, there were at least 22 factors totally outside the control of teachers which had raised education spending significantly.

Among them: the introduction of regional school boards; the introduction of costly community colleges; expansion of adult education programs; an explosion of new optional courses; expansion of ETV equipment and

programs.

The year-long research project begins next month with a detailed questionnaire to all 34,000 secondary school teachers in Ontario, inviting their frank opinions.

The community forums, which begin in Sudbury Oct. 8 will give community, educational and elected groups a chance to express their opinions about where the priorities should lie in secondary education.

The location and dates of those forums: Sudbury, Oct. 8; Windsor, Oct. 21; London Oct. 22; Thunder Bay, Oct. 30. No date has yet been announced for an Ottawa conference.

Area Cabinet session

Peterborough will be the site of a Government of Ontario Cabinet meeting next summer, according to an announcement by Premier William Davis last week.

To be held August 13, the Peterborough meeting is one of at least 12 Cabinet meetings to be held in Ontario communities during 1975. Purpose of the Cabinet meetings are to give local groups and associations an increased opportunity to present briefs to the Executive Council on subjects of special interest to residents of the area.

SOAPMAKING AT HOME

NATURAL crafts are back. Flower preserving and dried flower montages, seed paintings, gathering wild edibles and a hundred other old-fashioned pastimes are enjoying renewed popularity. And the interest isn't confined to any particular group.

Few people would want a complete return to the old ways, but many are curious enough to try out old-fashioned recipes and primitive ways of making things.

Soapmaking falls into this category. Pioneer housewives did it over an open fire using the tallow or fat from bears killed by their menfolk. If you don't happen to have a bear available, clean fat from cooking will do very well.

Remove impurities by adding one quart of fat to one quart of water and bring to a boil. Remove from heat, stir well, add a quart of cold water and chill. The clean fat will then collect at the top of the pot and may be removed.

COLD WATER METHOD:
11 cups melted clean grease
1 can lye
2 oz. pure lanolin
3 oz. glycerin
4 tsp. aromatic scent (oil type)
1/2 cup sugar
1/2 cup ammonia
1/2 cup 20 Mule Team Borax
5 cups water

Directions: Put 4 cups of water in large iron or stone-ware kettle and add can of lye and stir until dissolved. Dissolve sugar and Borax in other cup of water, and add to mixture in kettle. Then, stir in ammonia until the mixture begins to cool. Add lanolin to warm grease and add to kettle, stirring until dissolved. Pour mixture into a lined container, such as a lined wooden box, so that soap can cool and be cut.

GRANULATED SOAP:

1 can lye
1/2 cup bleach
3 qts. cold water
3/4 cup 20 Mule Team Borax
9 cups melted grease

Directions: Dissolve lye in the cold water, stir in bleach and Borax, add grease and stir continually for 15 minutes. Then set aside and stir during the day as you go about your work; it should be stirred at least once every hour. It will get thick and hard to stir, then it will need to be broken up. This is when it actually starts to granulate and will get easier to stir again.

CENTENNIAL CORNER

KAWARTHA HALIBURTON CHILDREN'S AID SOCIETY

The Children's Aid Society of Haliburton County was founded early in the century. It was one of several established throughout Ontario following passage of the Children's Protection Act in 1893.

The Haliburton Society was sponsored by a group of local citizens who felt that services were needed to protect children from neglect and abuse. They raised funds and promoted public awareness of the special needs of some children in the County. In later years services were developed for unmarried mothers and, later still, adoption services were provided for children who had permanently lost their homes.

In 1935 the Haliburton Society and the Victoria Society formed the Children's Aid Society of Victoria and Haliburton. Mr. Allan Blewett, who had organized a Community Welfare Agency in Lindsay to assist victims of the economic depression was asked to become the Director of the newly-formed Society. Mr. Blewett held this position until his retirement in 1965.

In 1966 the Society joined with the Peterborough Society to form the Kawartha-Haliburton Children's Aid Society. Mr. Frank Welch, the former clerk of the County, took a large part in this development and remained an active member of the Society until his death.

The Society now provides family counselling, assistance to unmarried parents, child care and adoption services. It works with other service organizations to provide help for children and families in the County.

Stanhope Council meeting

Moved by Jim Harrison seconded by Ken Whitney Be it resolved the minutes of the regular meeting held September 11, 1974 be adopted as circulated conditional upon Resolution Number 3 being amended to revoke the Nay Vote recorded by Kenneth Whitney which originally was a clerical error. Carried.

Moved by Jim Harrison seconded by Al Rawlins Be it resolved council contact the Ministry of Transportation and Communications requesting verification of Township liability in crossing private property to perform maintenance and construction road work. Carried.

Moved by Al Rawlins seconded by Ken Whitney Be it resolved that council advise Dr. Sexsmith, it is council's opinion this program was established to grant financial aid to persons for damage caused to properties from extreme weather conditions and not to aid in small cost damages from natural causes. Carried.

Moved by Al Rawlins seconded by Ken Whitney Be it resolved the council of the Township of Stanhope authorize Weir and Foulds, Barristers and Solicitors for the Township to proceed with Expropriation By-Law 68-12 in accordance with the content of letter dated October 2, 1974 from Weir and Foulds. Carried.

Moved by Jim Harrison seconded by Elvin Johnson Be it resolved the Clerk forward a cheque for \$30.00 to the Hall's Lake Centennial Committee for expenses which occurred while attempting to arrange a centennial project for the Township of Stanhope. Carried.

Moved by Al Rawlins seconded by Elvin Johnson Be it resolved the Clerk be directed and authorized to forward a \$50.00 donation to each Cemetery Board within the Township to aid in maintenance costs of cemet-

eries. Carried.

Moved by Jim Harrison seconded by Al Rawlins Be it resolved the Clerk advise Mr. K. Clayton that action has already been taken which will hopefully solve the problem of weeds on property on part lot 3 concession 2, Township of Stanhope. Carried.

Moved by Elvin Johnson seconded by Ken Whitney Be it resolved the Clerk be authorized to issue a cheque (\$92.25) to Mr. David M. Bishop for legal fees which occurred while finalizing the property acquisition of part of lot 15 concession 4, Township of Stanhope. Carried.

Moved by Ken Whitney seconded by Al Rawlins Be it resolved council request a detailed audit report for the 1971-72 Employment Incentive Program for the Township of Stanhope from the Ministry of Treasury, Economics and Intergovernmental Affairs. Carried.

Moved by Al Rawlins seconded by Ken Whitney Be it resolved that council contact the Ministry of Housing extending an invitation to a representative from the Ministry to attend a council meeting to further discuss the recently introduced Ontario Home Renewal Program. Carried.

Moved by Elvin Johnson seconded by Ken Whitney Be it resolved that By-Law 74-6 which prohibits the parking, standing or stopping of motor vehicles on Township Roads, be advertised in local papers. Carried.

Moved by Al Rawlins seconded by Jim Harrison Be it resolved that the Clerk be authorized to write to the Ministry of Treasury, Economics and Intergovernmental Affairs regarding the Shore Line Assistance Act, to obtain a proper definition - whether the grant covers damage to waterfront property caused by a hurricane or flood caused by a hurricane or if this grant would

cover natural erosion from Spring Run Off causing shoreline deterioration and also whether there is any obligation on council to pass a by-law in this regard. Carried.

Moved by Jim Harrison seconded by Ken Whitney Be it resolved the Clerk advise Mr. W. B. Legate that bridges under the jurisdiction of the Township are inspected periodically by the Ministry of Transportation and Communications. Also, advise Mr. Legate to contact Mr. R. B. Allison, District Municipal Engineer, Ministry of Transportation and Communications, Huntsville, Ontario requesting co-operation in this matter. Carried.

Moved by Elvin Johnson seconded by Al Rawlins Be it resolved the Clerk contact the Ministry of Transportation and Communications requesting an on-site meeting with a representative from the Ministry to discuss the possibility of a fence being erected at the Ministry of Transportation

and Communications Picnic Area at Buttermilk Falls. Carried.

Moved by Ken Whitney seconded by Elvin Johnson Be it resolved that general accounts totalling \$1,894.79; September Welfare totalling \$564.70; and Road Voucher # 9 amounting to \$4,419.41 be allowed for payment. Carried.

By-Law 74-19 to authorize the holding of an additional advance poll was received and read a first time. Carried.

By-Law 74-19 was read a second time and referred to a committee of the whole council with Jim Harrison appointed Chairman. Carried without amendment.

By-Law 74-19 as reported by the Committee of the Whole was read a third time, passed, signed and sealed. Carried.

Moved by Al Rawlins seconded by Jim Harrison Be it resolved this meeting do now adjourn at 5:00 until November 6, 1974 at 7:00 p.m., unless called sooner by the Reeve. Carried.

Council of Anson, Hindon and Minden meet

The Eighteenth Meeting of the Council of the Townships of Anson, Hindon and Minden was held in the Council Chambers of the Municipal Building on Wednesday, October 9, 1974 commencing at 9:00 a.m.

Present: Reeve Reg Booth in the Chair, Deputy Reeve Doug Pritchard, Councillors S. Brandon, A. Coneybeare, Richard Parisotto, Clerk-Administrator, J. Earl Hewitt, Road Superintendent, Richard C. Schell, By-law Officer

D. Pritchard-S. Brandon That the minutes of the meeting of September 25, 1974 be approved. Carried.

Letter was received from Y. Beaucage requesting permission to leave a booth erected on the R. McBrien property during the winter. As the booth was originally granted for summer use only the applicant was advised that the request would be contrary to by-law.

Letter was received from Mr. George Empey, President of the Big Bob Lake Cottagers' Association regarding future lot development. The correspondent is to be assured that any lots developed in any Municipality will comply strictly with the by-laws.

Mr W.M. Jackson, President of the County Fire Mutual Aid Association and Deputy Fire Chief for the Municipality was present requesting assistance for the Annual Social of the Association to be held in Minden.

A Coneybeare-D. Pritchard That the Minden Fire Department be granted \$300.00 to host the County Mutual Aid Annual Social. Carried.

S. Brandon-D. Pritchard That a Special Committee be established composed of the Fire Chief, Deputy Chief, Reeve, Clerk, and Dept. Representative on Council to prepare a 5 year plan and forecast for the Minden Fire Department. Carried.

Letter was received from Mrs. Blanche Cryderman requesting to be exempted from certain by-laws. The applicant is to be advised that the by-laws must be adhered to without exception.

Letter was received from E. Wagg requesting permission to construct a closed-in screened addition. The applicant is to be advised that the project would be contrary to the By-laws.

An application for severance by Mr. C. McDonald was presented. Upon review of the proposal the severance was granted.

Mr A. Stevens and Mrs D. Stevens were present regarding the proposed renovations of an existing building on the Beaverbrook Golf Course. The matter was settled to the satisfaction of Council.

Mr. E. Pergolas was present requesting that a ditch on North Water Street be filled as it is more of a detriment than an asset. It was decided that the drainage area be improved by the Road Superintendent at the earliest date.

Letter was received from Mr. E.R. Freer regarding a drainage problem in Lot 10, Concession 10, Minden Township. The applicant is to be advised that the area in question is a natural drainage course, but the Road Superintendent will review the problem.

S. Brandon-A. Coneybeare That the Accounts be approved in the following amounts:

General \$16,658.73
Water 37.96
Carried.

A. Coneybeare-D. Pritchard That the Road Accounts be approved in the amount of \$10,222.62. Carried.

Mrs Kunkel was present regarding the use of a former restaurant for dwelling purposes. The applicant is to be advised that such use is contrary to the by-law and the present tenants must vacate at the earliest date.

Mr and Mrs Clyde were present regarding proposals for the construction of a dwelling and accessory buildings. The by-law and procedures were explained

ABOUT THE TOWN

with Jeanne Sears

The budget should be balanced, the treasury should be refilled, the public debt should be reduced, the arrogance of officialdom should be controlled, assistance to foreign lands should be curtailed and the mob should be forced to work and not depend on government for subsistence -- This was said by Cicero, Roman Statesman 106-43 B.C. Might apply today.

Mr. and Mrs. Ben Hallam and Leonard have just returned from a pleasant holiday with friends and relatives in England and Scotland.

We hear that Minden Bakery will be open Saturdays for while yet. They will take orders as well, and these may be picked up at The Corner Store.

Mrs. A.S. Kernohan, Mrs. J. Hounsell and Mrs. Alec Taylor are home after an enjoyable holiday in British Columbia.

St. Paul's Church Supper will be Nov. 5 from 5 o'clock and then will follow the induction of the Rev. Douglas Brown at 8 p.m.

Miss Linda Dudman of Vancouver, B.C. is spending her holidays with her parents, Mr. and Mrs. Bruce Dudman at their homes in Toronto and Minden.

Belated Good Wishes to these residents of Hyland Crest who celebrated birthdays in October - Elizabeth Morris, Johanne DeBos, Myra Gilmore and Berta Dawson.

Starting No. 1st it will cost you if you do not have listed numbers to dial on your telephone. It would be a good idea to look the number up rather than using 411, as At the Mini Card Party last Thurs. afternoon at the Parish Hall, winners were for bridge, Mrs. Shulyer, for cribbage Joyce Hewitt and Lillian Davidson and for euchre Alice Hopper and Reta Brown.

The Provincial Library Service and Ministry of Colleges and Universities presented a one-week training course for personnel in County Branch Libraries in Ontario. The course was held Oct. 7 - 11 at the Staff Development Centre of the Provincial Government at Kempenfeldt Bay near Barrie. The course covered organization of Public Libraries in Ontario, public relations, current ideas in books and films, children's literature, reference work and some of the new concepts of informal learning in an unstructured setting. Participants came to the centre from counties all over Ontario - Essex and Lambton, Frontenac and Middlesex, Hamilton, Wentworth Regional Municipality, Bruce and from Haliburton M rs. D. Pickens and Mrs. M. Sears. A beautiful setting combined with some rigorous thinking made the session an important occasion for the County Libraries and Librarians in Ontario. Mr. and Mrs. Len Lonsberry, Mr. and Mrs. Wm. Devereaux (Pam) and Karen were weekend guests with Len's parents, Mr. and Mrs. Mark Lonsberry of Warsaw; the occasion was their 50th Wedding Anniversary. Congratulations Scrolls were received from the Governor-General, Prime Minister Trudeau, Premier Davis, William Scott, M.P. and many other government officials.

Sincere sympathy to Mrs. Hugh Taylor on the death of her father last week.

Mr. and Mrs. Angus Coulter and Mrs. F. Miller were Sunday guests with Mr. and Mrs. Abe Upton of Utterson. All their friends send good wishes to Mrs. James Graham and Mrs. Ted Peacock at the local hospital.

Rumage sales were going last week with people getting useful articles at the Hyland Crest Auditorium and the United Church Hall with a goodly crowd present at both. The bus schedule from our area has changed since Thanksgiving, so check on this, if you plan a shopping trip or visit.

Hear that there have been some moose seen in our area, and this year there is also Moose Season; perhaps hunters will shoot some of these as well as deer on their holiday. This Thursday night we will see some weird and wonderful costumes as youngsters visit for their regular Shell Out. Hope everyone is careful and watches out when driving.

Hint of the week - Now colder weather is here, it is a good idea to air out your home once a day, seems to make you more comfortable, too.

Do you think this is true - The more foods you dislike, the more warped your personality. That's what the psychologists claim. Liver doesn't count, of course. L.M. Boyd, McNaught Syndicate.

Have had pleasant October weather, guess everyone has their outside chores done.

Cheerio until next week.

United Church women meet

By Mildred Goard

An executive meeting of the United Church Women of the Lindsay Presbyterian was held in Cambridge St. United Church on Oct. 22. Mrs. Gillis acted as chairman in the absence of Mrs. Roeske, Pres. Mrs. Graham of Baddow opened the meeting with worship beginning with a poem of Edna Jacques, 'The World has Narrowed' and scripture from Matt. She closed her message with prayer. Mrs. Gillis and Mrs. Gilson attended a meeting on Church Union at Marmara and recommended Mrs. Fallis of Peterborough as a speaker and it was suggested that she speak at the annual in Jan. Mrs. Hopkins reported on a conference held at Golden Lake. Communications convenor, Mrs. Wellman, reported that the church conference will be held in Peterborough in 1975 and as a 50th will be a procession a 1000 voice choir. The Leadership convenors and Mrs. Brandson are to make a poster and a money box for the Presbyterian and a history of the last 50 years. It was also suggested that the locals do this history of their own as well.

There were 19 ladies who attended Camp Quin-Mo-Lac in Sept. and the ladies were extended a vote of thanks for the banner they had made. A copy of the locals years work is to be sent to Mrs. Graham. In the report of the Supply and Welfare, she stated that good used clothing could be sent to Anduhysum House, a home for Indian girls, Can Save, Salvation Army and Thrift Shop at Queen St. Church. Directions for bandages for Angela are in Combo.

Mrs. Gillis opened the afternoon session with a grace that was used at Quin-Mo-Lac. The Presbyterian Annual will be held on Jan. 28 at Fenelon Falls and Rev. S. Lucyk of Kingston will be the guest speaker. Presbyterian officers who attend rallies other than their own will be given their lunch. We were reminded of Super Gifts which are to be sent to Mr. Borgal M&S. Pins and spoons will be available for the 50th anniversary. Mrs. Gillis closed the meeting with a Benediction.

Rev. Gracie to speak

Reverend Tom Gracie, 1960's, former rector of St. Paul's Anglican Church, Minden, will return to Haliburton County November 19, when he will be the guest speaker at a banquet held by the Haliburton Highlands Chapter Evangelical Fellowship of Canada.

Rev. Gracie, now of Bowmanville, served the Minden Parish in the mid-

Good Citizenship deserves a medal

Do you know anyone here in Ontario who—through selflessness, humanity and kindness without expecting anything in return—has made this a better province in which to live?

That's the kind of person for whom the Ontario Medal for Good Citizenship was established.

Recipients are selected by an independent Advisory Council of Ontario citizens whose honorary chairman is the Lieutenant-Governor of the Province.

Anyone may nominate a person for the Ontario Medal, and nomination forms are available by writing:

Executive Secretary
Advisory Council
Ontario Medal for Good Citizenship
Queen's Park
Toronto, Ontario M7A 1P4

Making a nomination is itself an act of appreciation for good citizenship.

ONTARIO MEDAL FOR GOOD CITIZENSHIP

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

If teachers in Rod's school were voting for a favorite pupil, Rod would almost certainly top the poll. His teacher last term said that when others were being a nuisance in class, Rod was one who always stuck to his work. He is co-operative and always does everything a teacher asks. In opportunity class he tries hard in all subjects.

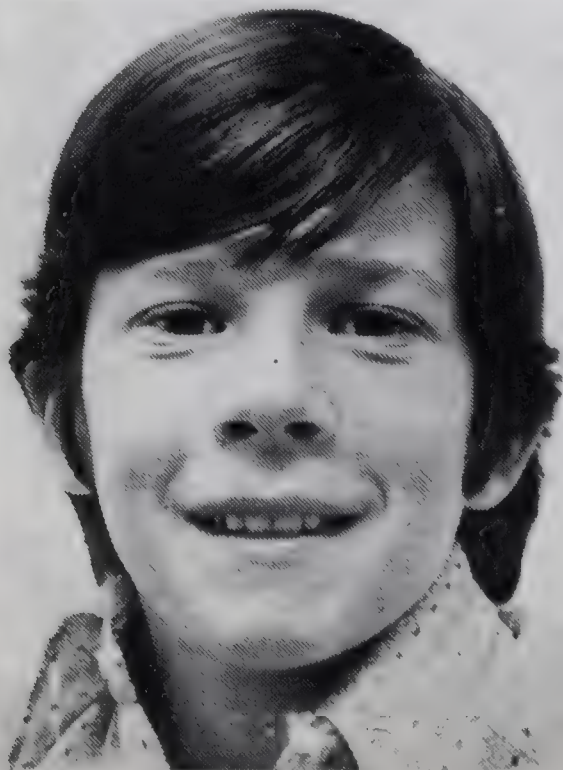

Soon to be 14, Rod is a healthy boy with brown eyes and dark hair. Sports are his great interest. He plays baseball in summer and hockey in winter. He enjoys camping and any kind of outdoor activity.

The excellent reports from Rod's school are echoed by his foster parents. They say he is a responsible boy who never has to be told twice to do something and who seldom needs discipline. He gets on well with children of all ages and does not like to fight.

Though not moody, Rod has long quiet periods between talkative ones. Being quiet, however, does not indicate he is angry or upset.

Rod thrives in an atmosphere of praise and encouragement. He needs parents who will love him for his endearing disposition and who will be proud of his efforts and accomplishments. Rod could join a family as the oldest, the youngest or the in-between child.

To inquire about adopting Rod, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, consult your Children's Aid Society.

Monarchs lose twice

BY DWIGHT THOMAS

The Minden Monarchs opening weekend in Intermediate C action proved to be only slightly dismal, as Penetang trounced the home club 12-2 Friday night, then, the Bracebridge Hawks took their measure smothering Minden 13-4, Sunday night in Bracebridge.

Jack Raymond opened the scoring Friday evening with a high shot on the Penetang goalie's stickside, to complete a good pass from Scotty Larue. But that was it for the Monarchs as the visitors scored nine successive goals before the home club replied with a power play goal off the stick of Bob Woodcock. Mike McElwain and Danny Carpentier picked up the assists. Penetang collected 20 of the 42 penalty minutes called.

In Bracebridge Sunday night there were some improvements in the Monarchs club, but not enough to overcome a strong Bracebridge team. The Hawks ran up a 5-0 lead before Bill Watson scored at 7:12 of the second period, with assists going to Mike McElwain and John Parish. Then seven minutes later Mike Jackson on passes from Sherdon Kellett and Jack Raymond put Minden within 3 goals of the Hawks' lead. The home team increased their lead to 7-2 before Minden replied on a goal by Jeff Campbell, assisted by Rick Dunsford. In the dying seconds of the game, Bev Billings tipped in a Bob Woodcock shot for the Monarchs final goal. Bracebridge had five minor penalties in the game while Minden picked up 8 minors and a 10 minute misconduct to Mike McElwain.

The Monarchs send thanks to all the fans who turned up at Friday's game and the surprisingly good turnout in Bracebridge Sunday evening. We hope to warrant your loyal support in the near future. Minden has a lot of good talent on their team but it will take a few games to put it all together so please bear with us. Also, the team needs more sponsors due to the great expense in operating a hockey team. Would anyone interested in investing some money in the Monarchs please contact Richard Parisotto. The Monarchs opposition this Friday night will be the Bracebridge Hawks with game time set for 8:30 p.m. at the Minden Arena.

(Mrs) Beverley Anne Milla
Clerk and Returning Officer

Along The Trails

with
The Highland Snowmobiler
and Roy Bates

The Haliburton County Snowmobile Association's first dance of the current season, held October 19 at the Legion Hall in Haliburton, was a great success. Just the right number of people turned up to fill the hall to capacity without having to turn anyone away. The crowd was in a jovial mood with everyone enjoying themselves thoroughly. And, as with all HCSA dances, there were no altercations. It seems snowmobilers are a friendly bunch!

Several patrons were the lucky winners of prizes donated by well-wishing businesses of the area. A season pass to the groomed trails of Haliburton Forest & Wildlife Reserve Limited, ten gallons of gas at Vance's Shell Service, two free dinners at Bayview Birches, and two more at Highland Junction, a snowmobile helmet from Prentice Roads Limited, and spot dance prizes from Lakeshore Marine and Prentice Roads. The HCSA acknowledges with sincere thanks these contributions.

With receipts tallied up, and expenses taken care of, we are able to report that the trail improvement fund netted a approximately two hundred and fifty dollars. With the HCSA dances this well accepted it is almost certain they will be held more frequently in the future. Our thanks to all who worked to put it over and to all who came out to enjoy it.

New Directors Elected.

The HCSA Annual Meeting was held as scheduled Friday evening October 25th at the Haliburton Legion. Chairman for the occasion was Bob Jennings, of Sandy Lane Resort on Hall's Lake who kept things running smoothly. While attendance was down from last year (indicating members in general have few complaints) there was good representation from outlying sectors of the County and from distant points outside.

Interesting reports were given by several executive members to bring the meeting up to date on past activities and current financial status, and of course the President gave a little talk on the aspirations of the organization. A train of thought expressed in all speeches was a desire to expand the trail improvement program.

The election of Directors was carried out in the manner established and approved at last year's meeting. Six incumbent Directors were re-elected by unanimous vote to assure continuity of purpose and six others were elected by the usual democratic procedure. Names and addresses are listed below. Any one of them may be contacted for information on the HCSA, for membership, or purchase of crests or decals.

Re-Elected:

Bob Jennings, RR 2 Minden, 489-2020

Brian Hunter, Haliburton. 457-1764
Kathleen Wyllie, Haliburton. 457-2539
Joe Blair, Haliburton. 457-2539
Stephen Berry, RR 1, Minden. 286-1826
Roy Bates, RR 2, Haliburton. 457-1658.

New Directors:

Dennis Casey, Haliburton
Steve Langerap, Harcourt. 448-2637
Don Cumming, 118 Hollywood Ave. Willowdale & Soyers Lake
Rick Perry, 1385 Midland Ave., Scarborough, Apt. 905 & Maple Lake
Ken Fielding, Haliburton
Wentworth Hogg, RR 2, Haliburton, Wentworth's Marina.

The first Director's meeting of the new season will be held at the Stanhope Fire Hall November 5th. As with most such meetings, any member may attend. At this first meeting, the Directors must determine who will become the new Executive Officers. These are: President, Vice President, Secretary and Treasurer.

I take this opportunity to express my sincere thanks to those of last year's group who are stepping down. I am sure they will all be around when we need that special effort. Best wishes to Pat Kennedy in his new location on Manitoulin. May you find a progressive club there and keep active.

Winner of the 50/50 draw was Mr. Roy S. Clark of Downsview, who has a cottage on Hall's Lake. His prize, \$143 The HCSA trail fund benefits by an equal amount. Sincere thanks to all who contributed.

383 jobs in Ontario

In his monthly review of the operations of the Peterborough Canada Manpower Centre, Dick Kenzie, the Manager, noted that the CMC had placed 383 clients in full time employment during the month of October and in addition, had also filled 80 employers' orders for casual workers.

While this figure was down some 22% from October of 1973, it was still the second best October in recent years he said. Aptitude tests were given to 190 clients in connection with employer requirements and many referrals made in October as a result of these tests will be reflected in the November hiring figures.

Eighty-nine clients were referred to various training courses at Sir Sandford Fleming College during the month. Thirty-six clients, including 5 women, commenced a General Carpentry course of 40 weeks. When these persons graduate next spring it is hoped by the CMC and the College that they will help to alleviate the increasing demand for carpenters in the area.

A few places are still available in Basic Upgrading and clients are being put on a waiting list for courses in Business and Commerce, he continued. During October an Industrial Orientation course of 9 weeks duration will be started, with 24 trainees. Many women workers have taken this course in the past and found employment in local industries. A standby list for an identical course in January 1975 is being formed now.

Also, a new class of Marine Mechanics will be started in October. This 40 week course has, in the past, led to jobs in both the recreation industry and in manufacturing. Some places are still available and interested persons should contact a Manpower Counsellor to discuss eligibility and training allowances, Mr. Kenzie said. Because of the increased hiring activities by major manufacturing firms in the city, clients have become less interested in looking at jobs in other Centres, although a very strong demand for workers at good wages continues throughout South-Western Ontario. Seven persons were relocated during the month and financial assistance in moving is available to qualified persons accepting jobs in other parts of Canada who consult with a Manpower Counsellor before

commencing work, he suggested.

At month's end there was a total of 3787 persons registered with the Centre as being unemployed and seeking full or part-time work. This figure included 106 students interested in jobs after school or on weekends, Mr. Kenzie concluded.

MONDAY NOVEMBER 4th. AT 12:00 P.M.

... for people

CBC broadcaster Bill McNeil (left) interviews Arthur W. MacLeod Rogers, a fellow Nova Scotian, for His Voice of the Pioneer "living history" series, broadcast Sunday mornings (Fridays in the Maritimes) on CBC Radio. Mr. Rogers, 81 is one of hundreds of people Bill has interviewed since 1967. Bill scouts the country looking for people with interesting stories to tell about the days when Canada was young. "The series is a remarkable record of Canada's past", he says.

MARRIAGES
BURKE-SOLIMANO

On October 5, 1974, the marriage of Mara Solimano to Robert Burke took place at St. Philip the Apostle Roman Catholic Church. Rev. J.E. Lawlor was the officiating clergyman. The bride's parents are Mrs. Glenn Stamp of Minden and G.M. Solimano of Oshawa. The bridegroom's parents are Mr. and Mrs. J. Burke of Oshawa. Given in marriage by her father, the bride was radiant in a long sleeved polyester crepe gown with V-neckline. Chantilly lace trimmed the neckline, cuffs and hemline. Her headpiece and cathedral veil were also trimmed with chantilly lace to match her gown. She carried a bouquet of white roses and baby's breath. Wendy Sholdra was maid of honor. Bridesmaids were Mrs. Rene (Susan) Picard and Susan Burke sister of the groom. Glenda Stamp, sister of the bride, was flower-girl. James Burke, brother of the groom, acted as best man. Ushers were John Burke, brother of the groom and Aldo Solimano of Minden, brother of the bride. The reception followed at the Grandview Golf Club. Out of town guests were present from Minden, Lindsay, Wyebridge, Scarborough, Allenford and England. The newlyweds will reside at 300 Grenfell St., Apt. 509, Oshawa.
